Watermelon

We recommend that you contact us to confirm inventory and lead times. For in-stock scents we can normally ship Rub'nSmell® varnish within five working days. For orders of out-of-stock scents or scents that are special order, please plan on four to five weeks.

If you're looking for a scent that's not noted above, please let us know. We work with many fragrance houses including Nature's Garden <https://www.naturesgardencandles.com/> who have large library of fragrances that can be purchased as a custom scent.
